U.S. ARMY CORPS OF ENGINEERS  
GUAM OPERATIONS OFFICE  
RELOCATES TO SAN RAMON STREET

NEWS RELEASE NO. 97-5  
MARCH 17, 1997

The U.S. Army Corps of Engineers' Guam Operations Office in Agana has relocated to 115 San Ramon Street, in room 302.

The move took place Saturday, March 15, from suite 905 in the Pacific Daily News building at 238 Archbishop F. C. Flores Street.

Frank Dayton, head of the Guam office, asked that all mail for his office be addressed to 115 San Ramon Street, Room 302, Agana, Guam 96910.

Dayton said the telephone numbers will remain unchanged, 472-8091, 349-5155, and facsimile 349-5354.

The Guam Operations Office continues to serve as point of contact for the Corps' Honolulu Engineer District in the Western Pacific region. The office provides interested agencies and individuals information about the Corps' civil works program, including the regulatory permit program governing work in waters and wetlands.
